PROFILE

Data Science and Artificial Intelligence degree candidate with hands-on experience in AI application development, web development and UI/UX design. Built Besign, an award-winning custom tailoring platform with on-device body measurement and AI garment design. Seeking an entry-level AI or data science role to apply Python, machine learning and problem-solving skills.

EDUCATION

Bachelor's Degree in Data Science and Artificial Intelligence

Applied Sciences Private University | Oct 2022 - Expected Sep 2026 | GPA: 3.28

TECHNICAL SKILLS

Programming: Python, Java, C++, JavaScript, PHP, HTML5, CSS3

Data and AI: pandas, NumPy, scikit-learn, PyTorch, TensorFlow, OpenCV, data analysis

Development and design: MySQL, Git, Flutter, Supabase, Figma, wireframing, UI/UX design

EXPERIENCE

Full-Stack Web Development Intern | Orange Digital Center

Jul 2026 - Present

- Built responsive web pages using HTML, CSS, Bootstrap and JavaScript, including form handling, local storage and Fetch API integration with Firebase Firestore.
- Developed PHP forms and a MySQL-backed charity platform with user accounts, sessions and an approval workflow; published training work in GitHub repositories.

SELECTED PROJECTS

Besign | AI-Powered Custom Tailoring Platform | Mar - Jun 2026

- Built a Flutter marketplace with on-device body measurement and AI garment design, using Dart, Riverpod, Supabase and TensorFlow Lite.
- Won 2nd place in Business & Social Technologies at the 13th National Technology Parade (Jul 2026), and Best Entrepreneurial Project at Applied Sciences Private University.

HopeBridge | Charity Platform | Orange Digital Center

- Took the platform from user research, journeys and Figma wireframes to 28 HTML/CSS pages for donors, families and administrators; designed the database ER diagram.

Invite Sites | Bilingual Invitation Websites

- Built personalised invitation sites with RSVP, maps and photos using HTML, CSS and JavaScript, supporting Arabic and English layouts.

SELECTED CERTIFICATIONS AND TRAINING

Microsoft Azure AI Fundamentals (AI-900) | Microsoft | May 2026

Intermediate Python | DataCamp | Feb 2026

HCIA-AI V4.0 Course | Huawei ICT Academy | Oct 2025

LEADERSHIP AND LANGUAGES

English Language Olympics | Volunteer and Organizer | 2023 - 2025

Managed examination and judging halls, coordinated team presentations and oversaw contestant answer uploads.

Arabic: Native | English: Excellent
